EMS BOOTCAMP: CASE STUDIES & CADAVERS

Experience Anatomy has partnered with **Emergency Learning Services** to offer a unique, fully-immersive, **two-day** academic experience geared towards pre-hospital health care providers. Participants will work through a pertinent case study and are provided the opportunity to apply their knowledge using human cadaveric tissue.

Our 5,000 sq. ft. facility is equipped with a collection of plastinated specimens sourced from the creators of **Body Worlds**, a full cadaver lab using proprietary soft-embalmed tissue for superior quality, as well as conference, kitchen and lounge spaces for your comfort.

REGISTRATION INFORMATION ON BACK.

DATES & TIMES:

- **Wednesday, August 12th** - Choose one 4-hour didactic session
 - 8am-12pm; 1pm-5pm
- **Thursday, August 13th** - Choose one 2-hour intensive cadaver session
 - 8am-10am; 10am-12pm; 1pm-3pm; 3pm-5pm

LOCATION:

Experience Anatomy Facility

4340 Taggart Creek Rd. STE D

Charlotte, NC 28208

FEE:

- **\$275, includes both days** - \$50 off when you register by August 1st

COURSE NOTES:

- Registration includes course materials and PPE
- Please bring your own lunch
- Attendance is limited to 20 participants
- Lab waiver required to work with human cadaveric tissue donated for educational studies

LEARNING OBJECTIVES:

- Analyze a real life case study and apply it to treatment protocols for unique health issues
- Recognize and verbalize how to treat syncope, heart failure, and traumatic injuries in the pre-hospital environment
- Describe the role of blood thinners in trauma
- Practice pre-hospital skills and treatment utilizing a cadaveric specimen with trauma simulation
