STUDENT PROGRAM

Experience Anatomy has designed a **unique, fully immersive academic experience** to provide a 3-dimensional perspective of the structure and function of the human body. Students will have **the opportunity to study and dissect human cadaver tissue**, guided by our resident anatomist.

By the end of this week long course, participants will be able to state the major functions of the **cardiovascular, nervous, digestive and muscular systems**, as well as gain valuable **insight into working within the healthcare system**.

Our 5,000 sq.ft. facility is equipped with a collection of plastinated specimens sourced from the creators of **BodyWorlds**, a full cadaver lab using proprietary soft-embalmed tissue, as well as conference, kitchen and lounge spaces.

REGISTRATION INFORMATION ON BACK.

COURSE SPECIFICS:

- July 27 - July 31, 2020
- 9:00am - 3:00pm daily
- \$1,700 (register by June 30, 2020 for **\$200 off**)
- Lunch is included

LOCATION:

Experience Anatomy Facility

4340 Taggart Creek Rd. STE D
Charlotte, NC 28208

TOPICS:

- **Monday:** Cardiac electrophysiology: Why does it matter?
- **Tuesday:** Digestive health and general wellness
- **Wednesday:** Neuroplasticity (changing your brain)
- **Thursday:** Anatomy of kinesiology (movement)
